## RELIEF FUND HERE WILL REACH \$,2000

Church Contributions, Those Raised  
on Solicitation and Red Cross  
Gift Total \$1,820.55

### SOME SENT TO A MAGAZINE

Money Quietly Raised Here to Help  
Feed Starving Babies of Cen-  
tral and Eastern Europe

(By United Press)

Rush county's contribution to the European Relief Council, headed by Herbert Hoover, which is attempting to raise a fund to feed the starving babies of central and eastern Europe, will aggregate \$2,000 or more, according to a compilation made public today.

Robert E. Mansfield, who accepted a commission from the state chairman of the organization, Caleb S. Denny, to raise a fund here, by personal solicitation collected subscriptions amounting to \$482.

Five of the churches in Rushville have already forwarded either through their own organizations or the relief council the sum of \$723.55.

The Rush county chapter of the American Red Cross a few days ago contributed \$500 to the state organization direct and subscriptions amounting to \$115, sent through the Literary Digest have been accounted for.

This amounts to \$1,820.55, and there is no question but that other individuals have already given money for the aid of the European children. Likewise, other churches in the county have probably raised money for the fund but no report has been received regarding their work.

Following the announcement that such a fund is being raised in the county it is anticipated that churches and individuals who were not aware of the effort being made here, will subscribe. Subscriptions may be sent to Mr. Mansfield or the Daily Republican, or direct to Mr. Denny, in Indianapolis, but in case they are forwarded direct, it is urged that Mr. Mansfield be notified so that an accurate check on Rush county's fund may be kept.

The church contributions were as follows: St. Paul's M. E., \$320; Main Street Christian, \$241.25; First United Presbyterian, \$120; Saint Mary's Catholic, \$30; First Baptist, \$12.30. No collection has yet been taken at the First Presbyterian church.

Mr. Mansfield collected the following amounts by personal solicitations:

Subscriptions of \$25 were made by each of the following men: Harry G. Francis, J. D. Case, Earl H. Payne, Will A. Alexander, W. M. Pearce and Mr. Mansfield.

Persons and firms subscribing \$15 are as follows: Douglas Morris and W. D. Root.

Ten dollar subscriptions were received from the following: O. E. Humes, the R. H. Jones Co., Harrie Jones, Arthur B. Irvin, A. L. Gary, Ralph Payne, A. Gunn Haydon, A. L. Winship, Wallace Morgan, Robert L. Tompkins, E. J. Chambers, Owen L. Carr, E. R. Casady, W. P. Jay, L. Link and J. J. Amos.

Contributions of \$5 were as follows: Jennie G. VanOsdel, James V. Young, Joe Clark, D. H. Dean, Fred A. Caldwell, G. P. Hunt, Hargrove & Mullin, W. E. Inlow, John B. Morris, Abercrombie Bros., The Mauzy Co., L. M. Sexton, Will M. Bliss, B. F. Miller, Pitman & Wilson, Charles A. Frazee, Knecht Clothing Co., J. P. Frazee and Son, A. L. Riggs, Roy Abercrombie, George W. Looney, Jr., A. B. Norris, Theodore Heeb, Glen Miller, Phil Wilk, John A. Tittsworth, Hyman Schatz and O. M. Dale.

S. L. Hunt and S. H. Young each gave one dollar. In addition to the above Mr. Mansfield reports the names of persons contributing to the fund who sent their subscriptions to the Literary Digest, as follows:

Claud Cambern, \$30; Will Frazee, \$25; Dr. J. C. Sexton, \$25; Dr. Frank Green, \$15; Robert L. Tompkins, \$20. Mr. Mansfield desires a list of the names of persons in Rush county contributing to this fund through the Literary Digest, that the aggregate may be ascertained, and made a matter of record.

No attempt has been made to create a special organization in Rush

State Department of Conservation  
Calls Attention to Law

Indianapolis, Ind., Jan. 13.—Hunters are warned that January 10 was the last day for killing any kind of wild game in this state. The game wardens of the state department of conservation will vigorously enforce the closed season law, Richard Lieber, director of conservation in Indiana announces. The sale of rabbits will be watched to see that none but storage rabbits and those lawfully killed and shipped in from other states are placed on the market.

### CONSCIENTIOUS OBJECTORS

Bill to Make Board of Agriculture  
Part of State Government Like-  
ly to be Prepared

(By United Press)

Indianapolis, Ind., Jan. 13.—Two special interurban cars today carried a majority of the Indiana legislators to Lafayette on their first junketing trip of the session. There are at least two more, one to Terre Haute and one to the Calumet region.

While at Lafayette today the assemblymen visited Purdue university and the State Soldiers home. They were to take luncheon at the University, the food being prepared and served by the home economics class of the school.

After the luncheon a trip was to be made to the soldier's home in a caravan of automobiles. All expenses were deferred by the Lafayette Rotary club which extended the invitation.

There were several "conscientious objectors" to the trip who remained in Indianapolis.

The movement to make the state board of agriculture strictly a part of the state government probably will result in the presentation of an administration bill in the legislature, providing for such a move it was indicated today.

Governor Warren T. McCray was quoted as favoring such a step. He asked Senator Oscar Ratts, president pro tem of the senate, not to go to Lafayette today but to stay here for a conference with him on the subject.

## FORMER OFFICER RETURNED TO CITY

Capt. Columbus Sparks Placed in  
Charge of Salvation Army, Ex-  
changing With Capt Marks

### EARLIER PLANS ARE CHANGED

Capt. and Mrs. Columbus Sparks, Salvation Army officers from Vincennes, arrived last night to take up the work in this city, the plans regarding two women officers having been changed and the former Rushville commander, Charles E. Marks exchange places with Capt. Sparks. The new man in charge is not a stranger in this city, as this is his third time in charge of the Rushville army. At first he was here only a few months, and was sent to the Army college, and following the completion of this work, he was again sent here. Capt. Sparks left here about six years ago, and was gratified to be returned to Rushville.

The new officers immediately took charge and will be assisted by the local workers. It was first announced two women from Indianapolis would be placed in charge here.

## COURT OCCUPIED WITH \$300 SUIT

Case of Frank Carpenter Against  
Paul Daubenspeck For Judgment  
Heard by Jury

### FARM CONTRACT INVOLVED

Tenant Alleges Defendant Owed Him  
For Meat and Wages Deducted  
For Payment on Auto

Circuit court was occupied all day today with the case of Frank Carpenter against Paul Daubenspeck, on a complaint in which \$300 judgment is sought, as the result of a broken contract between the tenant and the land owner.

The case of the State, ex rel., Herkless was also set for trial in court today, and would probably be taken up immediately after the conclusion of the case, which required a jury.

The evidence was being heard this afternoon, and it was thought that the case would go to the jury before tonight.

The plaintiff alleged in his complaint that he was a farm hand, employed by the defendant in the years of 1916 and part of 1917, and that the agreement was dissolved, at a financial loss to the plaintiff, and it is upon this that the suit was filed.

The jury was obtained within an hour this morning, and only a few witnesses were summoned by both sides.

The plaintiff seeks judgment on two paragraphs of the complaint, one being for meat which he alleged was due him, a balance on house rent, and the second part was for money deducted from wages to pay on an automobile.

The plaintiff maintained that the defendant permitted him to buy an automobile, taking \$4 a week from his salary to pay for it, and when the two dissolved their relations, the defendants is said to have kept the machine, and leaving the plaintiff behind over \$100 which he had paid on the machine from his weekly wages.

Marshall Brothers, a business firm of Shelby county have filed a suit against Robert Edwards of this county, on a complaint on notes, in which \$265 judgment is demanded.

## Minister Consents To Urge Woman To Give Up Hunger Fast

Mrs. Sadie Harrington, on 46th Day  
of Fasting, in Effort to Force Hus-  
band to Join Her Church. Pleads  
With Minister to Join Her—Will  
Follow His Advice.

(By United Press)

Danville, Ill., Jan. 13.—Mrs. Sadie Harrington, now on her 46th day of hunger fasting to force her husband to join the Church of God, pleaded with the Rev. G. S. Payne to come at once to her when informed today that the United Press had located the minister.

"For God sake send him," she said when the news was carried to her by nurse. Mrs. Harrington indicated she would break her fast if the Rev. Mr. Payne, advised her to do so after the two had prayed together.

"If I ever needed a consecrated man like Rev. Payne, it is now," she was quoted by Ada Pearey, her nurse, as saying.

"Rev. Payne walked very close to God and would be a great comfort," Mrs. Harrington stated.

"Mrs. Harrington, when informed by me, that the Rev. Payne said the Church of God did not sanction the fasting and that she ought to give it up, replied 'Rev. Payne would have to tell me that,' the nurse stated.

"Maybe Satan is working through you. You are a Scribe and the Bible warns us to beware of Scribes and Pharisees," Mrs. Harrington is reported to have replied.

The starving woman was overjoyed when informed the Rev. Mr. Payne would be with her soon.

## JINNETT PLANS TO PRESENT A BILL

Representative From Rush County  
Will Seek Establishment of in-  
dustrial Court

### BILL NOT YET DRAFTED

Will be Planned After The Law  
Which is Used Effectively in  
State of Kansas

Indianapolis, Ind., Jan. 13.—Representative William R. Jinnett said today he intends to present a bill to the legislature establishing an industrial court in Indiana similar to that now operating in Kansas. Jinnett is a minister from Rush county and has sat in several previous general assemblies.

The bill is not yet drafted, but according to Jinnett's plans, it will embody the main features of the Kansas law, which empowers the industrial court to regulate the industries engaged in the manufacture or production of necessities and to make findings which would end strikes and lockouts, providing for an appeal to the Kansas supreme court.

If the law were drafted along lines identical to the Kansas statute it would do away with the public service commission and transfer the powers of that body to the court. The Kansas court is vested with the power "to adopt all reasonable and proper rules and regulations to govern its proceedings" and is virtually a body unto itself with the supreme court of the state as the only appellate body.

The Kansas law says in part.

"The operation of the following named and indicated employments industries, public utilities and common carriers is hereby determined and declared to be affected with a public interest and therefore, subject to supervision by the state as herein provided for the purpose of preserving the public peace and protecting the public health, preventing industrial strife, disorder and waste and securing regular and orderly conduct of the business directly affecting the living conditions of the people of this state and in the promotion of the general welfare, to wit: (1) The manufacture of preparation of food products whereby in any stage of the process substances are being converted either

## REPUBLICANS OF CITY TO ORGANIZE

Opening Gun of Municipal Campaign  
Will be Fired at Meeting Here  
Saturday Night

### OFFICIAL CALL IS MADE

Candidates Have Until April 1 to  
Announce—Legislature May  
Change Some of Laws

The opening gun of the city campaign of 1921 will be fired Saturday January 15, when the Republicans will elect a city chairman. The call for the city organization meeting was issued some time ago by E. M. Wasmuth, Republican state chairman. The organizations in all cities in Indiana will be effected at the same time.

Grant Gregg, the present Republican county chairman, was elected city chairman several years ago and as a result still holds the position. Mr. Gregg, it is understood, will not be an active candidate for re-election and among the city committeemen who will elect a successor there is no boom for any candidate.

The date of the organization of the Democratic city committee has not been set by the state organization. However, it will probably be held early in February.

The organizations of the Republican city committee is expected to mark the beginning of political activity so far as the city primary and election are concerned. Up to this time here have been no avowed candidates for any office, although it is understood that several men in both parties are looking longingly towards the various positions to be filled.

The primary will not be held until

## FARMERS TO OPPOSE HIGHER ROAD TAXES

Members in Assembly at Meeting  
Agree to Fight Increased Approp-  
riations For Commission

### UNABLE TO SEE RESULTS

(By United Press)

Indianapolis, Jan. 13.—Farmer members in the Indiana legislature will oppose any attempt to boost appropriations for the state highway commission, it was decided at a meeting of a group of farmer legislators late yesterday.

They take this position on the ground that the funds now at the disposal of the highway commission have been used without discretion.

Meeting in the office of the public service commission, the farmers declared that too much money is being spent building roads of the state for the amount of improvement that has been accomplished.

It was the opinion that the increased appropriation asked by the highway body is too high and that more money is spent in the administering of the office affairs than in the improvement of the roads.

One of the men attending the meeting said the farmer assemblymen are preparing to keep an eye on the treasury of the state and that they will oppose any needless expenditures.

## STOCKMAN'S DAY AT SHORT COURSE

Live Stock Producers and Dairymen  
Hold Meetings of Respective  
State Associations

### HOME ECONOMICS BODY MEETS

Joseph C. Isley of Shelby County  
Wins Grand Sweepstake Honors  
in Corn Show

(Special to the Daily Republican.)

Lafayette, Ind., Jan. 13.—This was stockman's day at the annual farmers' short course at Purdue university the livestock producers and the dairymen getting out in force for the annual meetings of their respective state associations. The Indiana Home Economics' Association also held its annual meeting today and several hundred women turned out for its sessions.

An address by Dean J. H. Skinner of Purdue opened the program for the animal husbandrymen. He discussed the livestock situation and urged farmers to get in the pure-bred livestock business now because pure-bred sires were comparatively cheap, due to the slump in market prices. Profs. C. F. Gobble and B. E. Pontius then gave judging demonstrations on beef cattle and sheep.

It was announced last night following the completion of the judging in the state corn show held in connection with the short course, that Joseph C. Isley of Shelby county had won the grand sweepstakes honors of the 1921 state corn show.

Mr. Isley won a ten-ear sample of Johnson county white corn, the same ten-ear sample which won first honors in section four at the recent International Hay and Grain show at Chicago. Ed Lux, another Shelby county corn grower, won the honor last year with the same kind of corn.

V. L. Mannel of near Crawfordsville, won sweepstakes in the single ear class with Reids yellow dent corn. George Lewis of Wingate, from the same kind of corn.

Mr. Isley won sweepstakes honors over Clarence Grenard of Hillsboro, a Fountain county man, who had the best ten-ear yellow sample of the show, and Fred Kolkmeir, Waldron, who had the best ten-ear sample of mixed corn.

George J. Sauerman, Crown Point, repeated this year by winning sweepstakes honors in the wheat class, and William Tritch, Corunna, winner a year ago, on sweepstakes on oats, repeated this time. Walter & Pressel of Bluffton won sweepstakes honor on Soy beans, a new class in the show this year.

Sweepstakes honors in the five sections of the state on corn were as follows: 1st, Glen Smiley, Rochester; second Herman L. Miller, Bluffton; third, Joseph Isley, Shelbyville; fourth, R. L. Heilman, Hope and fifth, Earl W. Hammond, Rockport.

The special county agent prize for the largest number exhibits in each section went to Walter V. Kell, Lafayette; R. G. East, Shelbyville; James Kline, Bedford, and H. D. Jackson, Rockport.

The show had practically 350 entries and was the largest ever held in the state. It was judged by A. T. Wiancko of Purdue.

An address of welcome by E. J. Barker, Thorntown, president of the Indiana Livestock Breeders' Association opened the meeting of the organization. He was followed by R. C. Cain, a Miami county farmer, who discussed the swine improvement program inaugurated by the township farmers' federation at his home. "Deercreek, a Red Hog Township" is the slogan they have adopted, he said. The leading hogmen are seeking by demonstration in co-operation with the animal husbandrymen of Purdue and the county agent to get better methods of swine management in common practice there.

"We found that it took 496 pounds of concentrates to produce 100 pounds of pork at a cost of \$11.50 per hundred" said Mr. Cain. "The six men on whose farms the demonstrations were conducted lost a total of \$700 on the 326 head of hogs they handled. However it would have been only \$50 had one of the men used better management methods. His loss alone was \$650."

The Starving Babies

Herbert Hoover, the world's greatest humanitarian, is going to bring a message to Indiana January 17 from central Europe. At a "black bread" luncheon at the Claypool hotel in Indianapolis, he will speak in behalf of the 3,500,000 babies of eastern and central Europe who are actually dying of starvation and who can be saved only by the American dollar.

Mr. Hoover will tell of the work being done by the eight great relief American organizations, which he is directing. He will tell of the tragic need for immediate action—and will give an accounting of the work that so far has been done.

At the "black bread" luncheon, the minimum fee will be \$100 a plate. At this time Mr. Hoover will speak. Not only to honor this noted man, but to hear and heed his appeal—the greatest mercy-plea of this generation, as he puts it—it is expected that the capacity of the hotel dining room will be taxed.

Rush county has already done well

in responding to Mr. Hoover's appeal because an aggregate of more than \$1500 has already been raised for the starving little folks but there are still plenty of spare dollars here which might be added to this good cause

It is right and proper that the entire state should be represented in this gathering and Caleb S. Denny, state chairman has taken this means of inviting a representative attendance from Rush county. It is noted in passing, that the fee for this luncheon is placed at \$100 minimum, with no limit to the amount prompted by a generous heart and a liberal purse.

The entire proceeds of this ticket sale will go to buying food to place in the mouths of these starving children. As Mr. Hoover has said, "It is better to instill a love for America in the hearts of these future men and women of Europe than it is to spend a like amount for the construction of one great battleship."

Humanity calls, now. It is hoped here will be a representative response from this community and that those who attend will be thrilled with the inspiration brought to his luncheon by the great-hearted Hoover. As the time is short, it is urged that persons who can, should communicate with the local committee or direct with state headquarters of the Herbert Hoover European Relief Council, 147 North Pennsylvania street, Indianapolis.

Judging from the fistie encounter engaged in by two of three naval balloonists rescued from the wilds of Canada they were not so near death as they have been pictured in the press reports.

THE TREND of LEGISLATION

BY GEO. W. STOUT  
State Chamber of Commerce

Indianapolis, Ind., Jan. 13.—One of the live questions this session before the Indiana Legislature will be the status of the State Board of Agriculture, and the relation of the State to that organization and toward the State Fair which the Board holds each year under quasi State auspices.

The legislative visiting committee, in its report just made, "takes a fall" out of the State Board of Agriculture and in effect suggests, the abolition of the outfit and the organization of an Indiana Department of Agriculture somewhat on the order of the department maintained by the government, for co-operation with the Washington department on constructive and educational lines.

"Taking over the Board," as suggested by the legislative visiting committee, would mean the assumption of considerable indebtedness by the State, according to those who have looked into the matter. As to the statement of the legislative visiting committee that the State Board of Agriculture twice "refused" to supply the legislative committee with a report, Secretary Charles F. Kennedy of the Board asserts that the said report was not available when called for, being in the hands of the printer and not yet completed. He points out that the printed report since has been placed in the hands of every member of the Legislature. So the "flare-up" between the legislative committee and the State Board of Agriculture seems to have subsided to a mere flicker.

It is generally known that "in law and in fact," as an attorney states it the Indiana State Board of Agriculture has similar if not the same standing with the State that is enjoyed, for example, by Indiana University.

By the way, the legislative committee, in suggesting that a 5 cent levy be laid in place of the present 2.8 cent tax levy, on behalf of the three state schools, Indiana University, Purdue University and the State Normal School, apparently seeks to forecast the probable decision of the Legislature on this very important educational issue. At the same time the educational institutions will seek by all means to impress the law-makers with the actual needs of the three big state schools, insisting that a 7 cent levy is necessary.

Between the suggestions of the legislative visiting committee and the request made by the three state schools, it may be noted, there is a disparity of more than \$1,000,000—the difference being \$1,162,000 per year to be more exact. Each cent levied upon each \$100 of taxables, under the present valuation of property for taxation, means some \$381,000 annually in revenue.

It is apparently difficult to see how the educational interests—those in responsible charge of the three big state schools, could be a million dollars "in error" when it comes to estimating their needs. Just now it appears that public opinion stands for a 7 cent levy for the state schools rather than for the 5 cent proposition, involving, as the latter estimate does, a cut of more than a million a year in the program laid down by those in charge for the proper development of the schools.

Here in Indiana there is a well-defined conviction that the educational system must be restored to high standards and there properly and wisely maintained. The three state schools are looked upon by the taxpayers as important factors in the educational system. There is no disposition anywhere to continue a niggardly policy in dealing with the demonstrated needs in the state schools.

Of course it is necessary for those in charge to make a fair and full showing of their actual necessities, and to show that their plans for enlargement, betterment and development are in accord with the best modern thought, method and progress. Having made this showing, it is believed the state schools will find the new administration and the legislature prepared to do the right thing in the way of providing the money required.

Chiropractic for Stomach Trouble

The nerve and blood supply to the stomach perform an important part in the elaboration and secretion of the gastric juice, and a very important part of the nervous system is the furnishing of energy for the stomach movements during digestion. The nerves leading to the stomach pass out from the spinal cord through little openings in the spinal column, and if they are impinged by a subluxated vertebrae it will interfere with the transmission of nerve energy leading to the stomach which will cause that organ to become diseased. A subluxation may result from very insignificant causes, muscular contractions caused by the toxins of any of the infectious diseases, a sudden twist, a fall, or a blow, may subluxate a vertebra in the spinal column. What can the Chiropractor do for gastritis? He will examine the spine and locate the impinged nerve and will usually find that it is tender at the point where it emerges from the spine. When the nerve is free from the pressure that is causing the trouble, nature will rush to the afflicted stomach, a sufficient amount of vital energy to neutralize the abnormal condition. If the constitutional disease is nephritis, then the nerves leading to the kidneys will be found impinged; if it is diabetes, the nerves to the kidneys, liver and pancreas will be given attention; if it arises from heart incompetency, whatever be the secondary cause, the primary cause is always found to be in the spinal column. Many persons who have suffered for years with this distressing stomach condition have been entirely relieved through Chiropractic Adjustments. The Chiropractors have made a special study of the mechanism of the nervous system and the human spine, and can locate definitely the seat of the trouble and can correct it and thus remove the obstruction to the flow of vital force to the organs.

IMPORTED EM-ROE MEN DEFEAT I.O.O.F

Connersville American Legion Team Runs in Two "Ringers" in Game Wednesday Night

FINAL COUNT IS 31 TO 11

Rushville Confident They Can Whip Connersville and Another Game May be Arranged

The Odd Fellows basketball team of this city suffered a big defeat last night on the floor at Connersville, when they played the Connersville Legion-Em Roe team, the final count being 31 to 11.

Connersville, knowing that they could not win from Rushville with their regular line-up, imported two professional players, Babb and Cline of the Indianapolis Em Roe team, and the reason for such a score can readily be seen.

The locals then diverted their attention to holding down the score, and did not take many chances on the basket, but what chances they did have ill luck seemed to be with them as many shots went astray.

Connersville presented a strong line up with the two Indianapolis players, and their team work was excellent and fast. The locals were slow in getting organized for the game and did not play in their usual fashion.

Connersville jumped in and took the lead soon after the game started, and the first half ended 13 to 6. In the last half the Em Roe players were given berths on the line-up and then all hopes for a comeback were dispelled by the Odd Fellows.

Referee Feeze of Indianapolis was good on calling fouls and each team almost went the limit. Martin, center for Rushville, and Lewis for Connersville, each went out of the game shortly after the second half started, having made four fouls.

An effort is being made to stage a third game between the two teams, using only regular players, and playing on a neutral floor.

While the Odd Fellows lost the game last night, they have no particular kick to make but are confident that they could win from the regular

CHARLEY WHITE WANTS A CHANCE AT LEONARD

Says he is Making Every Effort to Get a Fight With The Champion Tomorrow Night

ONCE DEFEATED BY LEONARD

Chicago, Ill., Jan. 13—Charley White, on whom Chicago still lays its claim to pugilistic honors, is clamoring for another chance at Benny Leonard and the lightweight championship.

White said he was making every effort to get a fight with the champion after The Richie Mitchell-Leonard fight in New York, tomorrow night, if Leonard wins.

The Chicago fighter said that "influences close" to Tex Rickard had prevented his appearance at Madison Square Garden so far but he believed he had overcome these and that the bout could be arranged.

White is still talking about his fight with Leonard at Benton Harbor when he knocked the champion down although Leonard came back and slipped over the K. O. in the fourteenth round. He thinks that Leonard has been slipping since that fight.

Legion team from Connersville. The two Indianapolis players returned to Indianapolis last night on the same car on which the local delegation came home and they were subjected to the "kidding" of the Rushville fans all the way home.

The local team has a game pending with the South Side Turners of Indianapolis at that place for Saturday night and will play Fairview here next Tuesday.

The score and summary: Connersville (31) Odd Fellows (11) Lipps ----- F ----- Titsworth Burkhardt ----- F ----- Keating Lewis ----- C ----- Martin Pohlman ----- G ----- Shaw Wanley ----- G ----- Petry

Substitutions: Cline for Lipps Babb for Burkhardt, Henley for Martin. Field goals Lipps, Burkhardt 5, Lewis, Pohlman, Wanley, Cline 4, Titsworth, Henley 2; foul goals: Burkhardt, Lewis, Pohlman, Cline 2, Titsworth 5. Referee Feeze Indianapolis.

FEW NIGHTS WITHOUT A BASKETBALL GAME

Odd Fellows, High School and Arlington Athletic Club all Scheduled to Play

NEXT WEEK FULL TO BRIM

Rushville fans are going to see a lot of basketball in the next week or ten days. The first local attraction will be the Arlington and Fairview Athletic clubs' teams at the Modern Appliance building tonight. There will be no game on Friday night as the high school plays at Greensburg, but next week will be filled to the brim.

The Greensburg Knights of Columbus team on Monday night will play a return game with the lodge five of this city, which will also be played at the Modern Appliance building. The team from St. Mary's school here and one representing the Catholic school at Greensburg will play a curtain raiser. The local K. of C. five played its first game at Greensburg Thursday night of last week and won, 22 to 7. Fairview meets the Odd Fellows Tuesday night and Wednesday evening colored teams from New Salem and Connersville will play. The next night Thursday, one week from tonight, the American Legion team of Connersville will come here for a game with the Arlington Athletic club. The Arlington and New Salem high schools will play the curtain raiser.

The following night Rushville high school will meet the Columbus high school ball tossers on the Graham Annex floor. Rushville won from Columbus on Dec. 10, 29 to 15.

AN EXTRAORDINARY TRIP

Washington, Jan. 13—The three navy balloonists lost in Canada, appeared to have been on an extraordinary trip, the navy department stated in reply to the inquiries by Senator King of Utah for information concerning the flight. The navy department is awaiting official information from Rockaway before inquiring into the differences between Hinton and Farrel, secretary of Navy Daniels said.

"DOPE" BUCKET GIVES CARTHAGE THE EDGE

Connersville is Defeated Wednesday Night and Carthage Holds The County Honors So Far

THE GAME ENDED 22 TO 14

The Carthage high school basketball team spilled the "dope" last night by defeating the Connersville high school 22 to 14, and the winning team takes the lead for county honors, and it remains for some other team in the county to take away the honor as the "dope" gives Carthage the edge.

Rushville lost to Connersville, and Rushville defeated Milroy. Carthage defeated Connersville, which puts them at the top of the list. Milroy and Connersville do not meet this year. Carthage also claims that Milroy and Rushville refused to book games with them. Coach Sutton of the local team stated that Carthage and Rushville will probably meet in the county tournament here as well as the sectional tournament.

In the game last night Carthage outplayed Connersville, and the first half ended 15 to 8. The game was furiously fought by both teams and hard shots were numerous. The crowd went wild as Carthage earned the victory. Carthage goes to Cambridge City Friday night. The following summary tells the story of the game:

Carthage (22) Connersville (14) Moore ----- F ----- Sparks Dyer ----- F ----- Ridge Heathcock ----- C ----- Cates Overman ----- G ----- McNaughton Stewart ----- G ----- Robinson

Substitutions: Ruby and Gray for Carthage; Roberson, Siler and Davis for Connersville; field goals, Moore 4, Heathcock 4, Dyer, Cates, Siler, Robinson; foul goals, Moore 4, Ridge 6. Referee Regan, of Spiceland.

FILES SUIT IN FAYETTE

Charles Wamsley of this city filed suit yesterday in the Fayette circuit court against Ralph and Mary Little of that county. The case will probably come up for trial in the March term of court.

GREENSBURG GAME CANCELLED TODAY

High School Authorities Decide Team Should Not go Because of Smallpox There

COLUMBUS HERE NEXT WEEK

The Greensburg game, scheduled for Friday at Greensburg, was cancelled today, it was announced this afternoon by the high school authorities, on account of the smallpox situation there. School officials were in telephone conversation with the Greensburg school authorities and learned that the situation was not serious, but they hesitated to take a chance because some members of the Rushville team had never been vaccinated.

A few weeks ago Milroy barely nosed out the Greensburg team, 26 to 24, and judging from this score, the game should have been a thriller. Coach Sutton has been putting the squad through practices all week for the game and it was regretted cancellation was necessary.

The Columbus "Bull Dogs" will come here next Friday for a game with the locals, and this also may be looked forward to as an interesting game. The Columbus high school has a fighting team, and will put up a big game. They were defeated on their own home floor 29 to 15, by Rushville a few weeks ago.

"All riches are desirable, and we are justified in seeking them all; but the riches of mind and soul give the greatest happiness and add the most to the value of life. When it comes to the riches of mind and soul can you say you are a millionaire? To be such a millionaire would certainly be worth while, and here we find a new ambition."

### SEASONABLE GOOD THINGS.

An old-fashioned apple dumpling is a dessert hard to equal. Roll out rich pastry and cut in squares, place a peeled and cored apple on each square, fill the centers with sugar and spice and pinch up the corners. Place in a deep baking dish with a cupful of brown sugar, a cupful of boiling water and two

tablespoonfuls of butter. Bake the dumplings while baking in a moderate oven. Serve with the syrup in the pan if any, or a crumbly, hard sauce.

Apples a la Manhattan.—Pare and core eight medium-sized apples. Cut pieces of sponge cake into rounds an inch in thickness and the size of the apple. Sprinkle the cake rounds with sugar and set into the oven until the sugar melts. Make a sirup of a cupful of sugar and the same of water. Cook the apples very slowly in the sirup. When tender drain and put an apple on each piece of cake. Add half a glass of jelly to the sirup, cook until it is quite thick; then pour over the whole. Garnish with whipped cream and candied cherries.

Afternoon Tea Cakes.—Beat two eggs until light, add one cupful of sugar, one-fourth of a pound of blanched almonds and two ounces of citron chopped together very fine; add the grated rind of a lemon, cloves, nutmeg, cinnamon, mace and cream of tartar, one-fourth of a teaspoonful each and one and one-half cupfuls of pastry flour. Use enough flour to handle and roll into a sheet one-fourth of an inch thick. Cut in pieces three by one and one-half inches, brush over with egg white, decorate with half of an almond in each corner, dredge with granulated sugar and bake.

Baked Tripe Spanish Style.—Boil four pounds of fresh tripe until tender; drain and sprinkle with salt and pepper and arrange in a well-buttered dish. Pour over it one quart of chopped tomatoes, season to taste and bake one-half hour in a moderate oven.

### Editorial

The toy balloon is but a small piece of rubber, and the size of which is extended to many times its original, by means of air. It is inflated, but is looked upon with admiration by the youthful owner whose imagination does not extend beyond actuality.

A merchant who is dealing with the adult and depends upon him for the success of his own business, cannot afford to look upon that adult as he would a child when it comes to inflation, because the adult will know the difference.

So when it comes to marking our goods down for these sales, it must be borne in mind that the reductions are genuine and are not inflated prices reduced.

You have enough confidence in this store to know this; but it never does any harm to repeat the truth.

## ONE WOMAN MEMBER MUST KEEP SECRETS

Caucus Leaders Have Fun With Only Woman in The House When it Comes to Secrets

### MUNCIE MEMBER IS ALONE

Indianapolis, Ind., Jan. 12—Caucus leaders of the republican majority in the state house of representatives were scratching their heads today to solve what seemed an important problem.

First, let it be known that caucus is a meeting of members of one party in either of both houses of the legislature and usually is held behind closed doors. What happens at these meetings is not made public until disclosed in the course of legislative events.

It is a traditional that woman can't keep a secret—and there's the rub. There is a woman in the house of representatives for the first time in the state's history. She is Mrs. Julia D. Nelson, of Muncie.

No one doubts that Mrs. Nelson can keep these secrets of state, but the question is causing mirth among the legislators and they are jocularly discussing the matter.

Last year 798 Indiana women obtained copies of the first household account book put out by the home economics extension division at Purdue and kept figures on "where the

### NEW DIVORCE LAW PLANNED

Would Provide Year Between Filing and Hearing The Case

Indianapolis, Ind., Jan. 13—State Senator John S. Alldredge of Anderson believes he has a remedy for the divorce evil in Indiana. Alldredge has prepared a bill for introduction providing that a year must elapse between the period of filing a suit for divorce and the trial instead of sixty days as at present.

"I believe that fifty percent of divorce cases arise from domestic affairs of which the principals are heartily sorry afterwards", the senator said in discussing his measure. "If they are obliged to wait a whole year after filing the suit, a good many reconciliations could be affected."

# A World Without Petroleum

**ELIMINATE** petroleum from the world and modern industry would come to a dead stop.

Lacking that tiny film of mineral oil, continuously applied, and the machinery of the world would groan to a stand-still.

From air compressors to textile spindles, from sewing machines to power house engines, all the machinery of modern life, the machinery which clothes and feeds, and transports mankind, is dependent upon petroleum.

Animal fats and vegetable oils sufficed for lubrication in the era which preceded the industrial age, but only petroleum could supply lubricants in sufficient quantities to keep pace with the development of modern machinery.

In the development of our modern system of lubricating machinery, the Standard Oil Company (Indiana) has performed an essential service in producing a vast number of highest grade lubricating oils and greases from petroleum.

Another vital service of the Company is the maintenance of a distribution system which delivers its lubricants wherever, and whenever, the need occurs.

The Standard Oil Company (Indiana) manufactures lubricating oils and greases varying in type and consistency to meet the requirements of the innumerable machines which our commercial age requires.

Only a highly specialized and intensively developed organization could give to the people of the Middle West the service rendered by the Standard Oil Company (Indiana).

The customer who buys a pound of grease, a quart of oil, or a gallon of gasoline, is getting the result of the best effort of 23,000 loyal, efficient, highly trained men and women who make up the personnel of this organization.

## SUGGESTS PLAN FOR WORLD DISARMAMENT

Gen. Bliss Says U. S. Could Call all Nations For Meeting at Washington in 60 Days

APPEARS AS A WITNESS

(By United Press)

Washington, Jan. 13.—At the call of the United States a world disarmament conference could be arranged in Washington within sixty days, General Frasier Bliss of the naval department, told the senate naval affairs committee Wednesday.

Bliss who was an American military adviser and formerly army chief of staff, declared that such a conference would bring results. He stated that the United States should take the initiative toward getting the nations together inasmuch as the nation did not belong to the association of nations.

He favored a conference among Great Britain, France, Japan, Italy and the United States, saying it was not necessary to act through the league of nations.

Secretary Daniels who also appeared before the committee, and outlined the naval strength of the great powers, does not favor the conference unless all countries participate.

The only nation who would refuse to disarm at this meeting would be Germany, Bliss stated.

## FAMOUS OPERA STAR TO UNITE IN MARRIAGE

Amelita Galli-Curci to be Married to Homer Samuels, Her Pianist Accompanist

DIVORCED FROM CURCI IN JAN.

Minneapolis, January 13.—Homer Samuels, pianist accompanist of Amelita Galli-Curci on the concert and opera stage, will be her accompanist through life after tonight, when the two artistic temperaments will be united in marriage here.

The marriage of Galli-Curci, who rose to fame over night in Chicago, in 1916, the city threw its opera hat in the air and acclaimed her queen of songsters, after she sang "Caro Nome", recalled to the public mind

her sensational divorce here—last January—from Luigi Curci.

Curci, at the time accused Samuels hypnotizing his wife.

Love's eternal triangle had become a geometrical figure of many sides, so numerous were the amours of Curci, his wife told the court at the time she was granted a divorce.

Following her marriage to her second mate, Galli-Curci plans to join the Chicago Grand Opera Company Feb. 1 for its New York engagement. She will be granted her first citizenship papers today shortly before the marriage.

**PEPSINCO**

It's a useless waste of good fuel and needless extravagance to try to burn it in a poor stove. It is absolutely wrong to expect good food to supply energy, vitality, health and happiness, if your stomach won't absorb and assimilate it. If you cannot eat with enjoyment; if your food does you no good; if food distresses, rather than benefits, then you have indigestion or dyspepsia. The best remedy to use is PEPINCO.

## Amusements

### "Humoresque" Here Two Days

Fannie Hurst's most appealing story "Humoresque", has been transferred to the screen and will be the feature attraction at the Princess Theatre today and Friday. The intensely human atmosphere of the novel is said to have been incorporated into the picture with singular success.

The story centers around Leon Kantor, a boy of the Ghetto who shows an intense love for music. His mother who has always wanted a musician-son, is delighted and on his seventh birthday buys him a violin. Leon's playmate is pretty Gina Ginsberg. Fifteen years later, Leon is a recognized genius. On the night of his triumph at a big concert given for his people of the Ghetto, he enlists. Leon returns from France with a shattered shoulder and it is said that he will never be able to play the violin again. Leon's music is his all. He becomes morose and discouraged. Before the war he had become engaged to Gina. Now he wishes to release her from marrying him—a cripple. But in a very wonderful way he is restored to full strength and, to the joy of his mother and Gina, turns toward new conquests in the realm of music.

Alma Rubens is the featured player in "Humoresque", and Gaston Glass and Vera Gordon are also included in the cast.

## Cosmopolitan Productions "HUMORESQUE" A PHOTOPLAY Featuring Alma Rubens

The sordid clatter of the New York Ghetto. A little lad there, hugging an old violin. A mother, her soul aflame, watching, giving, dreaming, as the hard years pass. A radiant girl, waiting.

At last, fame! Wealth! the applause of countless, crowding thousands for "the master of them all." One night, a gala free concert to his own of the great East Side.

"Humoresque!" they cried. And he played it in farewell—played it with breaking heart—then smiling, flung his career and his wondrous art away.

Some called him "Fool!" Not all. You know why when you see the end.

The song of a mother's heart made visible; the dream of a mother's life come true. A melody of love and tears and laughter, played silently on the screen.

## RELIEF FUND HERE WILL REACH \$,2000

Church Contributions. Those Raised  
on Solicitation and Red Cross  
Gift Total \$1,820.55

### SOME SENT TO A MAGAZINE

Money Quietly Raised Here to Help  
Feed Starving Babies of Cen-  
tral and Eastern Europe

(By United Press)

Rush county's contribution to the European Relief Council, headed by Herbert Hoover, which is attempting to raise a fund to feed the starving babies of central and eastern Europe, will aggregate \$2,000 or more, according to a compilation made public today.

Robert E. Mansfield, who accepted a commission from the state chairman of the organization, Caleb S. Denny, to raise a fund here, by personal solicitation collected subscriptions amounting to \$482.

Five of the churches in Rushville have already forwarded either through their own organizations or the relief council the sum of \$723.55.

The Rush county chapter of the American Red Cross a few days ago contributed \$500 to the state organization direct and subscriptions amounting to \$115, sent through the Literary Digest have been accounted for.

This amounts to \$1,820.55, and there is no question but that other individuals have already given money for the aid of the European children. Likewise, other churches in the county have probably raised money for the fund but no report has been received regarding their work.

Following the announcement that such a fund is being raised in the county it is anticipated that churches and individuals who were not aware of the effort being made here, will subscribe. Subscriptions may be sent to Mr. Mansfield or the Daily Republican, or direct to Mr. Denny, in Indianapolis, but in case they are forwarded direct, it is urged that Mr. Mansfield be notified so that an accurate check on Rush county's fund may be kept.

The church contributions were as follows: St. Paul's M. E., \$320; Main Street Christian, \$241.25; First United Presbyterian, \$120; Saint Mary's Catholic, \$30; First Baptist, \$12.30. No collection has yet been taken at the First Presbyterian church.

Mr. Mansfield collected the following amounts by personal solicitations:

Subscriptions of \$25 were made by each of the following men: Harry G. Francis, J. D. Case, Earl H. Payne, Will A. Alexander, W. M. Pearce and Mr. Mansfield.

Persons and firms subscribing \$15 are as follows: Douglas Morris and W. D. Root.

Ten dollar subscriptions were received from the following: O. E. Humes, the R. H. Jones Co., Harrie Jones, Arthur B. Irvin, A. L. Gary, Ralph Payne, A. Gunn Haydon, A. L. Winslip, Wallace Morgan, Robert L. Tompkins, E. J. Chambers, Owen L. Carr, E. R. Casady, W. P. Jay, L. Link and J. J. Amos.

Contributions of \$5 were as follows: Jennie G. VanOsdol, James V. Young, Joe Clark, D. H. Dean, Fred A. Caldwell, G. P. Hunt, Hargrove & Mullin, W. E. Inlow, John B. Morris, Abercrombie Bros., The Maury Co., L. M. Sexton, Will M. Bliss, B. F. Miller, Pitman & Wilson, Charles A. Frazee, Knecht Clothing Co., J. P. Frazee and Son, A. L. Riggs, Roy Abercrombie, George W. Looney, Jr., A. B. Norris, Theodore Heeb, Glen Miller, Phil Wilk, John A. Titworth, Hyman Schatz and O. M. Dale.

S. L. Hunt and S. H. Young each gave one dollar. In addition to the above Mr. Mansfield reports the names of persons contributing to the fund who sent their subscriptions to the Literary Digest, as follows: Claud Cambern, \$30; Will Frazee, \$25; Dr. J. C. Sexton, \$25; Dr. Frank Green, \$15; Robert L. Tompkins, \$20. Mr. Mansfield desires a list of the names of persons in Rush county contributing to this fund through the Literary Digest, that the aggregate may be ascertained, and made a matter of record.

No attempt has been made to create a special organization in Rush.

## WILD GAME State Department of Conservation Calls Attention to Law

Indianapolis, Ind., Jan. 13.—Hunters are warned that January 10 was the last day for killing any kind of wild game in this state. The game wardens of the state department of conservation will vigorously enforce the closed season law, Richard Lieber, director of conservation in Indiana announces. The sale of rabbits will be watched to see that none but storage rabbits and those lawfully killed and shipped in from other states are placed on the market.

### CONSCIENTIOUS OBJECTORS

Bill to Make Board of Agriculture  
Part of State Government Like-  
ly to be Prepared

(By United Press)

Indianapolis, Ind., Jan. 13.—Two special interurban cars today carried a majority of the Indiana legislators to Lafayette on their first junketing trip of the session. There are at least two more, one to Terre Haute and one to the Calumet region.

While at Lafayette today the assemblymen visited Purdue university and the State Soldiers home. They were to take luncheon at the University, the food being prepared and served by the home economics class of the school.

After the luncheon a trip was to be made to the soldier's home in a caravan of automobiles. All expenses were deferred by the Lafayette Rotary club which extended the invitation.

There were several "conscientious objectors" to the trip who remained in Indianapolis.

The movement to make the state board of agriculture strictly a part of the state government probably will result in the presentation of an administration bill in the legislature providing for such a move it was indicated today.

Governor Warren T. McCray was quoted as favoring such a step. He asked Senator Oscar Ratts, president pro tem of the senate, not to go to Lafayette today but to stay here for a conference with him on the subject.

## FORMER OFFICER RETURNED TO CITY

Capt. Columbus Sparks Placed in  
Charge of Salvation Army, Ex-  
changing With Capt Marks

### EARLIER PLANS ARE CHANGED

Capt. and Mrs. Columbus Sparks, Salvation Army officers from Vincennes, arrived last night to take up the work in this city, the plans regarding two women officers having been changed and the former Rushville commander, Charles E. Marks exchange places with Capt. Sparks. The new man in charge is "not a stranger in this city, as this is his third time in charge of the Rushville army. At first he was here only a few months, and was sent to the Army college, and following the completion of this work, he was again sent here. Capt. Sparks left here about six years ago, and was gratified to be returned to Rushville.

The new officers immediately took charge and will be assisted by the local workers. It was first announced two women from Indianapolis would be placed in charge here.

## COURT OCCUPIED WITH \$300 SUIT

Case of Frank Carpenter Against  
Paul Daubenspeck For Judgment  
Heard by Jury

### FARM CONTRACT INVOLVED

Tenant Alleges Defendant Owed Him  
For Meat and Wages Deducted  
For Payment on Auto

Circuit court was occupied all day today with the case of Frank Carpenter against Paul Daubenspeck, on a complaint in which \$300 judgment is sought, as the result of a broken contract between the tenant and the land owner.

The case of the State, ex rel. Herkless was also set for trial in court today, and would probably be taken up immediately after the conclusion of the case, which required a jury.

The evidence was being heard this afternoon, and it was thought that the case would go to the jury before tonight.

The plaintiff alleged in his complaint that he was a farm hand, employed by the defendant in the years of 1916 and part of 1917, and that the agreement was dissolved, at a financial loss to the plaintiff, and it is upon this that the suit was filed.

The jury was obtained within an hour this morning, and only a few witnesses were summoned by both sides.

The plaintiff seeks judgment on two paragraphs of the complaint, one being for meat which he alleged was due him, a balance on house rent, and the second part was for money deducted from wages to pay on an automobile.

The plaintiff maintained that the defendant permitted him to buy an automobile, taking \$4 a week from his salary to pay for it, and when the two dissolved their relations, the defendants is said to have kept the machine, and leaving the plaintiff behind over \$100 which he had paid on the machine from his weekly wages.

Marshall Brothers, a business firm of Shelby county, have filed a suit against Robert Edwards of this county, on a complaint on notes, in which \$265 judgment is demanded.

## JINNETT PLANS TO PRESENT A BILL

Representative From Rush County  
Will Seek Establishment of In-  
dustrial Court

### BILL NOT YET DRAFTED

Will be Planned After The Law  
Which is Used Effectively in  
State of Kansas

Indianapolis, Ind., Jan. 13.—Representative William R. Jinnett said today he intends to present a bill to the legislature establishing an industrial court in Indiana similar to that now operating in Kansas. Jinnett is a minister from Rush county and has sat in several previous general assemblies.

The bill is not yet drafted, but according to Jinnett's plans, it will embody the main features of the Kansas law, which empowers the industrial court to regulate the industries engaged in the manufacture or production of necessities and to make findings which would end strikes and lockouts, providing for an appeal to the Kansas supreme court.

If the law were drafted along lines identical to the Kansas statute it would do away with the public service commission and transfer the powers of that body to the court. The Kansas court is vested with the power "to adopt all reasonable and proper rules and regulations to govern its proceedings" and is virtually a body unto itself with the supreme court of the state as the only appellate body.

The Kansas law says in part:

"The operation of the following named and indicated employments, industries, public utilities and common carriers is hereby determined and declared to be affected with a public interest and therefore, subject to supervision by the state as herein provided for the purpose of preserving the public peace and protecting the public health, preventing industrial strife, disorder and waste and securing regular and orderly conduct of the business directly affecting the living conditions of the people of this state and in the promotion of the general welfare, to wit: (1) The manufacture of preparation of food products whereby in any stage of the process substances are being converted either

## Minister Consents To Urge Woman To Give Up Hunger Fast

Mrs. Sadie Harrington, on 46th Day  
of Fasting, in Effort to Force Hus-  
band to Join Her Church. Pleads  
With Minister to Join Her—Will  
Follow His Advice.

(By United Press)

Danville, Ill., Jan. 13.—Mrs. Sadie Harrington, now on her 46th day of hunger fasting to force her husband to join the Church of God, pleaded with the Rev. G. S. Payne to come at once to her when informed today that the United Press had located the minister.

"For God sake send him," she said when the news was carried to her by nurse. Mrs. Harrington indicated she would break her fast if the Rev. Mr. Payne, advised her to do so after the two had prayed together.

"If I ever needed a consecrated man like Rev. Payne, it is now," she was quoted by Ada Pearce, her nurse, as saying.

"Rev. Payne walked very close to God and would be a great comfort," Mrs. Harrington stated.

"Mrs. Harrington, when informed by me, that the Rev. Payne said the Church of God did not sanction the fasting and that she ought to give it up, replied 'Rev. Payne would have to tell me that,' the nurse stated.

"Maybe Satan is working through you. You are a Scribe and the Bible warns us to beware of Scribes and Pharisees," Mrs. Harrington is reported to have replied.

The starving woman, was overjoyed when informed the Rev. Mr. Payne would be with her soon.

Rev. G. S. Payne, Church of God Preacher, Located at Eldorado, Ill., Says He Will Go to Mrs. Harrington at Danville Immediately and Persuade Her to Take Food.

(By United Press)

Eldorado, Ill., Jan. 13.—The Rev. G. S. Payne, minister of the Church of God, will go to Danville, Ill., immediately and plead with Mrs. Sadie Harrington, now in the 46th day of her hunger fast to force her husband to join the Church of God, to give up the fast and take food.

Arrangements for the trip to Danville were made by the United Press today after locating the Rev. Mr. Payne, when a nation wide search by friends and relatives of Mrs. Harrington failed.

Mrs. Harrington had indicated she would give up the fast if the minister advised her to do so and has been pleading for him since she started the hunger strike.

"I will go to Danville immediately," the Rev. Mr. Payne said today when informed that Mrs. Harrington said she needed him. I will pray with her and urge her to give up her fast. The Church of God does not sanction such fasting to obtain conversion."

## REPUBLICANS OF CITY TO ORGANIZE

Opening Gun of Municipal Campaign  
Will be Fired at Meeting Here  
Saturday Night

### OFFICIAL CALL IS MADE

Candidates Have Until April 1 to  
Announce—Legislature May  
Change Some of Laws

The opening gun of the city campaign of 1921 will be fired Saturday January 15, when the Republicans will elect a city chairman. The call for the city organization meeting was issued some time ago by E. M. Wasmuth, Republican state chairman. The organizations in all cities in Indiana will be effected at the same time.

Grant Gregg, the present Republican county chairman, was elected city chairman several years ago and as a result still holds the position. Mr. Gregg, it is understood, will not be an active candidate for re-election and among the city committeemen who will elect a successor there is no boom for any candidate.

The date of the organization of the Democratic city committee has not been set by the state organization. However, it will probably be held early in February.

The organizations of the Republican city committee is expected to mark the beginning of political activity so far as the city primary and election are concerned. Up to this time here have been no avowed candidates for any office, although it is understood that several men in both parties are looking longingly towards the various positions to be filled.

The primary will not be held until

## FARMERS TO OPPOSE HIGHER ROAD TAXES

Members in Assembly at Meeting  
Agree to Fight Increased Approp-  
riations For Commission

### UNABLE TO SEE RESULTS

(By United Press)

Indianapolis, Jan. 13.—Farmer members in the Indiana legislature will oppose any attempt to boost appropriations for the state highway commission, it was decided at a meeting of a group of farmer legislators late yesterday.

They take this position on the ground that the funds now at the disposal of the highway commission have been used without discretion.

Meeting in the office of the public service commission, the farmers declared that too much money is being spent building roads of the state for the amount of improvement that has been accomplished.

It was the opinion that the increased appropriation asked by the highway body is too high and that more money is spent in the administering of the office affairs than in the improvement of the roads.

One of the men attending the meeting said the farmer assemblymen are preparing to keep an eye on the treasury of the state and that they will oppose any needless expenditures.

## STOCKMAN'S DAY AT SHORT COURSE

Live Stock Producers and Dairymen  
Hold Meetings of Respective  
State Associations

### HOME ECONOMICS BODY MEETS

Joseph C. Isley of Shelby County  
Wins Grand Sweepstake Honors  
in Corn Show

(Special to the Daily Republican.)

Lafayette, Ind., Jan. 13.—This was stockman's day at the annual farmers' short course at Purdue university the livestock producers and the dairymen getting out in force for the annual meetings of their respective state associations. The Indiana Home Economics Association also held its annual meeting today and several hundred women turned out for its sessions.

An address by Dean J. H. Skinner of Purdue opened the program for the animal husbandrymen. He discussed the livestock situation and urged farmers to get in the pure-bred livestock business now because pure-bred sires were comparatively cheap, due to the slump in market prices. Profs. G. F. Gobble and B. E. Pontius then gave judging demonstrations on beef cattle and sheep.

It was announced last night following the completion of the judging in the state corn show held in connection with the short course, that Joseph C. Isley of Shelby county had won the grand sweepstakes honors of the 1921 state corn show.

Mr. Isley won a ten-ear sample of Johnson county white corn, the same ten-ear sample which won first honors in section four at the recent International Hay and Grain show at Chicago. Ed Lux, another Shelby county corn grower, won the honor last year with the same kind of corn.

V. L. Mammel of near Crawfordsville, won sweepstakes in the single ear class with Reids yellow dent corn. George Lewis of Wingate, from the same kind of corn.

Mr. Isley won sweepstakes honors over Clarence Grenard of Hillsboro, a Fountain county man, who had the best ten-ear yellow sample of the show, and Fred Kolkmeier, Waldron, who had the best ten-ear sample of mixed corn.

George J. Sauerman, Crown Point, repeated this year by winning sweepstakes honors in the wheat class, and William Triche, Cornua, winner a year ago, on sweepstakes on oats, repeated this time. Walter & Pressel of Bluffton won sweepstakes honor on Soy beans, a new class in the show this year.

Sweepstakes honors in the five sections of the state on corn were as follows: 1st, Glen-Smiley, Rochester; second Herman L. Miller, Bluffton; third, Joseph Isley, Shelbyville; fourth, R. L. Heilman, Hope and fifth, Earl W. Hammond, Rockport.

The special county agent prize for the largest number exhibits in each section went to Walter V. Kell, Lafayette; R. G. East, Shelbyville; James Kline, Bedford, and H. D. Jackson, Rockport.

The show had practically 350 entries and was the largest ever held in the state. It was judged by A. T. Wiancko of Purdue.

An address of welcome by E. J. Barker, Thorntown, president of the Indiana Livestock Breeders Association opened the meeting of the organization. He was followed by R. C. Cain, a Miami county farmer, who discussed the swine improvement program inaugurated by the township farmers' federation at his home. "Deer creek, a Red Hog Township" is the slogan they have adopted, he said. The leading hogmen are seeking by demonstration in co-operation with the animal husbandrymen of Purdue and the county agent to get better methods of swine management in common practice there.

"We found that it took 496 pounds of concentrates to produce 100 pounds of pork at a cost of \$11.50 per hundred" said Mr. Cain. "The six men on whose farms the demonstrations were conducted lost a total of \$700 on the 326 head of hogs they handled. However it would have been only \$50 had one of the men used better management methods. His loss alone was \$650."

### The Starving Babies

Herbert Hoover, the world's greatest humanitarian, is going to bring a message to Indiana January 17 from central Europe. At a "black bread" luncheon at the Claypool hotel in Indianapolis, he will speak in behalf of the 3,500,000 babies of eastern and central Europe who are actually dying of starvation and who can be saved only by the American dollar.

Mr. Hoover will tell of the work being done by the eight great relief American organizations, which he is directing. He will tell of the tragic need for immediate action—and will give an accounting of the work that so far has been done.

At the "black bread" luncheon, the minimum fee will be \$100 a plate. At this time Mr. Hoover will speak. Not only to honor this noted man, but to hear and heed his appeal—the greatest mercy plea of this generation, as he puts it—it is expected that the capacity of the hotel dining room will be taxed.

Rush county has already done well

in responding to Mr. Hoover's appeal because an aggregate of more than \$1500 has already been raised for the starving little folks but there are still plenty of spare dollars here which might be added to this good cause

It is right and proper that the entire state should be represented in this gathering and Caleb S. Dennis, state chairman has taken this means of inviting a representative attendance from Rush County. It is noted in passing, that the fee for this luncheon is placed at \$100 minimum, with no limit to the amount prompted by a generous heart and a liberal purse.

The entire proceeds of this ticket sale will go to buying food to place in the mouths of these starving children. As Mr. Hoover has said, "It is better to instill a love for America in the hearts of these future men and women of Europe than it is to spend a like amount for the construction of one great battleship."

Humanity calls, now. It is hoped here will be a representative response from this community and that those who attend will be thrilled with the inspiration brought to his luncheon by the great-hearted Hoover. As the time is short, it is urged that persons who can, should communicate with the local committee or direct with state headquarters of the Herbert Hoover European Relief Council, 147 North Pennsylvania street, Indianapolis.

## THE TREND of LEGISLATION

BY GEO. W. STOUT  
State Chamber of Commerce.

Indianapolis, Ind., Jan. 13.—One of the live questions this session before the Indiana Legislature will be the status of the State Board of Agriculture, and the relation of the State to that organization and toward the State Fair which the Board holds each year under quasi State auspices.

The legislative visiting committee, in its report just made, "takes a fall" out of the State Board of Agriculture and in effect suggests, the abolition of the outfit and the organization of an Indiana Department of Agriculture somewhat on the order of the department maintained by the government, for co-operation with the Washington department on constructive and educational lines.

"Taking over the Board," as suggested by the legislative visiting committee, would mean the assumption of considerable indebtedness by the State, according to those who have looked into the matter. As to the statement of the legislative visiting committee that the State Board of Agriculture twice "refused" to supply the legislative committee with a report, Secretary Charles F. Kennedy of the Board asserts that the said report was not available when called for, being in the hands of the printer and not yet completed. He points out that the printed report since has been placed in the hands of every member of the Legislature. So the "flare-up" between the legislative committee and the State Board of Agriculture seems to have subsided to a mere flicker.

It is generally known that "in law and in fact," as an attorney states it the Indiana State Board of Agriculture has similar if not the same standing with the State that is enjoyed, for example, by Indiana University.

By the way, the legislative committee, in suggesting that a 5 cent levy be laid in place of the present 2.8 cent tax levy, on behalf of the three state schools, Indiana University, Purdue University and the State Normal School, apparently seeks to forecast the probable decision of the Legislature on this very important educational issue. At the same time the educational institutions will seek by all means to impress the law-makers with the actual needs of the three big state schools, insisting that a 7 cent levy is necessary.

Between the suggestions of the legislative visiting committee and the request made by the three state schools, it may be noted, there is a disparity of more than \$1,000,000—the difference being \$1,162,000 per year to be more exact. Each cent levied upon each \$100 of taxables, under the present valuation of property for taxation, means some \$331,000 annually in revenue.

It is apparently difficult to see how the educational interests—those in responsible charge of the three big state schools, could be a million dollars "in error" when it comes to estimating their needs. Just now it appears that public opinion stands for a 7 cent levy for the state schools rather than for the 5 cent proposition, involving, as the latter estimate does, a cut of more than a million a year in the program laid down by those in charge for the proper development of the schools.

Here in Indiana there is a well-defined conviction that the educational system must be restored to high standards and there properly and wisely maintained. The three state schools are looked upon by the taxpayers as important factors in the educational system. There is no disposition anywhere to continue a niggardly policy in dealing with the demonstrated needs in the state schools.

Of course it is necessary for those in charge to make a fair and full showing of their actual necessities, and to show that their plans for enlargement, betterment and development are in accord with the best modern thought, method and progress. Having made this showing, it is believed the state schools will find the new administration and the legislature prepared to do the right thing in the way of providing the money required.

## Chiropractic for Stomach Trouble

The nerve and blood supply to the stomach perform an important part in the elaboration and secretion of the gastric juice, and a very important part of the nervous system is, the furnishing of energy for the stomach movements during digestion. The nerves leading to the stomach pass out from the spinal cord through little openings in the spinal column, and if they are impinged by a subluxated vertebrae it will interfere with the transmission of nerve energy leading to the stomach which will cause that organ to become diseased. A subluxation may result from very insignificant causes, muscular contractions caused by the toxins of any of the infectious diseases, a sudden twist, a fall, or a blow, may subluxate a vertebra in the spinal column. What can the Chiropractor do for gastritis? He will examine the spine and locate the impinged nerve and will usually find that it is tender at the point where it emerges from the spine. When the nerve is free from the pressure that is causing the trouble, nature will rush to the afflicted stomach, a sufficient amount of vital energy to neutralize the abnormal condition. If the constitutional disease is nephritis, then the nerves leading to the kidneys will be found impinged; if it is diabetes, the nerves to the kidneys, liver and pancreas will be given attention; if it arises from heart incompetency, whatever be the secondary cause, the primary cause is always found to be in the spinal column. Many persons who have suffered for years with this distressing stomach condition have been entirely relieved through Chiropractic Adjustments. The Chiropractors have made a special study of the mechanism of the nervous system and the human spine, and can locate definitely the seat of the trouble and can correct it and thus remove the obstruction to the flow of vital force to the organs.

## IMPORTED EM-ROE MEN DEFEAT I.O.O.F.

Connersville American Legion Team Runs in Two "Ringers" in Game Wednesday Night

FINAL COUNT IS 31 TO 11

Rushville Confident They Can Whip Connersville and Another Game May be Arranged

The Odd Fellows basketball team of this city suffered a big defeat last night on the floor at Connersville, when they played the Connersville Legion-Em Roe team, the final count being 31 to 11.

Connersville, knowing that they could not win from Rushville with their regular line-up, imported two professional players, Babb and Cline of the Indianapolis Em Roe team, and the reason for such a score can readily be seen.

The locals then diverted their attention to holding down the score, and did not take many chances on the basket, but what chances they did have ill luck seemed to be with them as many shots went astray.

Connersville presented a strong line up with the two Indianapolis players, and their team work was excellent and fast. The locals were slow in getting organized for the game and did not play in their usual fashion.

Connersville jumped in and took the lead soon after the game started, and the first half ended 13 to 6. In the last half the Em Roe players were given berths on the line-up and then all hopes for a comeback were dispelled by the Odd Fellows.

Referee Feeze of Indianapolis was good on calling fouls and each team almost went the limit. Martin, center for Rushville, and Lewis for Connersville, each went out of the game shortly after the second half started, having made four fouls.

An effort is being made to stage a third game between the two teams, using only regular players, and playing on a neutral floor.

While the Odd Fellows lost the game last night, they have no particular kick to make but are confident that they could win from the regular

## CHARLEY WHITE WANTS A CHANCE AT LEONARD

Says he is Making Every Effort to Get a Fight With The Champion Tomorrow Night

ONCE DEFEATED BY LEONARD

Chicago, Ill., Jan. 13—Charley White, on whom Chicago still lays its claim to pugilistic honors, is clamoring for another chance at Benny Leonard and the lightweight championship.

White said he was making every effort to get a fight with the champion after The Richie Mitchell-Leonard fight in New York, tomorrow night, if Leonard wins.

The Chicago fighter said that "influences close" to Tex Rickard had prevented his appearance at Madison Square Garden so far but he believed he had overcome these and that the bout could be arranged.

White is still talking about his fight with Leonard at Benton Harbor when he knocked the champion down although Leonard came back and slipped over the K. O. in the fourteenth round. He thinks that Leonard has been slipping since that fight.

Legion team from Connersville. The two Indianapolis players returned to Indianapolis last night on the same car on which the local delegation came home and they were subjected to the "kidding" of the Rushville fans all the way home.

The local team has a game pending with the South Side Turners of Indianapolis at that place for Saturday night and will play Fairview here next Tuesday.

The score and summary: Connersville (31) Odd Fellows (11) Lipps ----- F ----- Titsworth Burkhardt ----- F ----- Keating Lewis ----- C ----- Martin Pohlman ----- G ----- Shaw Wanley ----- G ----- Petty

Substitutions: Cline for Lipps Babb for Burkhardt, Henley for Martin. Field goals Lipps, Burkhardt 5, Lewis, Pohlman, Wanley, Cline 4, Titsworth, Henley 2; foul goals: Burkhardt, Lewis, Pohlman, Cline 2, Titsworth 5. Referee Feeze Indianapolis.

Rushville fans are going to see a lot of basketball in the next week or ten days. The first local attraction will be the Arlington and Fairview Athletic clubs' teams at the Modern Appliance building tonight. There will be no game on Friday night as the high school plays at Greensburg, but next week will be filled to the brim.

The Greensburg Knights of Columbus team on Monday night will play a return game with the lodge five of this city, which will also be played at the Modern Appliance building. The team from St. Mary's school here and one representing the Catholic school at Greensburg will play a curtain raiser. The local K. of C. five played its first game at Greensburg Thursday night of last week and won, 22 to 7. Fairview meets the Odd Fellows Tuesday night and Wednesday evening colored teams from New Salem and Connersville will play. The next night Thursday, one week from tonight, the American Legion team of Connersville will come here for a game with the Arlington Athletic club. The Arlington and New Salem high schools will play the curtain raiser.

The following night Rushville high school will meet the Columbus high school ball tossers on the Graham Annex floor. Rushville won from Columbus on Dec. 10, 29 to 15.

### AN EXTRAORDINARY TRIP

Washington, Jan. 13—The three navy balladists lost in Canada, appeared to have been on an extraordinary trip, the navy department stated in reply to the inquiries by Senator King of Utah for information concerning the flight. The navy department is awaiting official information from Rockaway before inquiring into the differences between Hinton and Farrel, secretary of Navy Daniels said.

## "DOPE" BUCKET GIVES CARTHAGE THE EDGE

Connersville is Defeated Wednesday Night and Carthage Holds The County Honors So Far

THE GAME ENDED 22 TO 14

The Carthage high school basketball team spilled the "dope" last night by defeating the Connersville high school 22 to 14, and the winning team takes the lead for county honors, and it remains for some other team in the county to take away the honor as the "dope" gives Carthage the edge.

Rushville lost to Connersville, and Carthage defeated Connersville, which puts them at the top of the list. Milroy and Connersville do not meet this year. Carthage also claims that Milroy and Rushville refused to book games with them. Coach Sutton of the local team stated that Carthage and Rushville will probably meet in the county tournament here as well as the sectional tournament.

In the game last night Carthage outplayed Connersville, and the first half ended 15 to 8. The game was furiously fought by both teams and hard shots were numerous. The crowd went wild as Carthage earned the victory. Carthage goes to Cambridge City Friday night. The following summary tells the story of the game:

Carthage (22) Connersville (14) Moore ----- F ----- Sparks Dyer ----- F ----- Ridge Heathcock ----- C ----- Cates Overman ----- G ----- McNaughton Stewart ----- G ----- Robinson

Substitutions: Ruby and Gray for Carthage; Roberson, Siler and Davis for Connersville; field goals, Moore 4, Heathcock 4, Dyer, Cates, Siler, Robinson; foul goals, Moore 4, Ridge 6. Referee Regan, of Spice-land.

### FILES SUIT IN FAYETTE

Charles Wamsley of this city filed suit yesterday in the Fayette circuit court against Ralph and Mary Little of that county. The case will probably come up for trial in the March term of court.

## GREENSBURG GAME CANCELLED TODAY

High School Authorities Decide Team Should Not go Because of Smallpox There

COLUMBUS HERE NEXT WEEK

The Greensburg game, scheduled for Friday at Greensburg, was cancelled today, it was announced this afternoon by the high school authorities, on account of the smallpox situation there. School officials were in telephone conversation with the Greensburg school authorities and learned that the situation was not serious, but they hesitated to take a chance because some members of the Rushville team had never been vaccinated.

A few weeks ago Milroy barely nosed out the Greensburg team, 26 to 24, and judging from this score, the game should have been a thriller. Coach Sutton has been putting the squad through practices all week for the game and it was regretted cancellation was necessary.

The Columbus "Bull Dogs" will come here next Friday for a game with the locals, and this also may be looked forward to as an interesting game. The Columbus high school has a fighting team, and will put up a big game. They were defeated on their own home floor 29 to 15, by Rushville a few weeks ago.

They praised the corps for their royal entertainment while here.

Mrs. Poston, the new president, presented the out-going president with a pin from the corps. Mrs. Gullin, the retiring president, responded by thanking the corps for the gift and for their assistance during her term of office.

## The KITCHEN CABINET

"All riches are desirable, and we are justified in seeking them all; but the riches of mind and soul give the greatest happiness and add the most to the value of life. When it comes to the riches of mind and soul can you say you are a millionaire? To be such a millionaire would certainly be worth while, and here we find a new ambition."

### SEASONABLE GOOD THINGS.

An old-fashioned apple dumpling is a dessert hard to equal. Roll out rich pastry and cut in squares, place a peeled and cored apple on each square, fill the centers with sugar and spice and pinch up the corners. Place in a deep baking dish with a cupful of brown sugar, a cupful of boiling water and two tablespoonfuls of butter. Bake the dumplings while baking in a moderate oven. Serve with the syrup in the pan if any, or a crumbly, hard sauce.

Apples a la Manhattan.—Pure and core eight medium-sized apples. Cut pieces of sponge cake into rounds an inch in thickness and the size of the apple. Sprinkle the cake rounds with sugar and set into the oven until the sugar melts. Make a syrup of a cupful of sugar and the same of water. Cook the apples very slowly in the syrup. When tender drain and put an apple on each piece of cake. Add half a glass of jelly to the syrup, cook until it is quite thick; then pour over the whole. Garnish with whipped cream and candied cherries.

Afternoon Tea Cakes.—Beat two eggs until light, add one cupful of sugar, one-fourth of a pound of blanched almonds and two ounces of citron chopped together very fine; add the grated rind of a lemon, cloves, nutmeg, cinnamon, mace and cream of tartar, one-fourth of a teaspoonful each and one and one-half cupfuls of pastry flour. Use enough flour to handle and roll into a sheet one-fourth of an inch thick. Cut in pieces three by one and one-half inches, brush over with egg white, decorate with half of an almond in each corner, dredge with granulated sugar and bake.

Baked Tripe Spanish Style.—Boil four pounds of fresh tripe until tender; drain and sprinkle with salt and pepper and arrange in a well-buttered dish. Pour over it one quart of chopped tomatoes, season to taste and bake one-half hour in a moderate oven.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruit taste. Full directions on each bottle. You must say "California."

### Editorial

The toy balloon is but a small piece of rubber, and the size of which is extended to many times its original, by means of air. It is inflated, but is looked upon with admiration by the youthful owner whose imagination does not extend beyond actuality.

A merchant who is dealing with the adult and depends upon him for the success of his own business, cannot afford to look upon that adult as he would a child when it comes to inflation, because the adult will know the difference.

So when it comes to marking our goods down for these sales, it must be borne in mind that the reductions are genuine and are not inflated prices reduced.

You have enough confidence in this store to know this; but it never does any harm to repeat the truth.

## ONE WOMAN MEMBER MUST KEEP SECRETS

Caucus Leaders Have Fun With Only Woman in The House When it Comes to Secrets

### MUNCIE MEMBER IS ALONE

Indianapolis, Ind., Jan. 12—Caucus leaders of the republican majority in the state house of representatives were scratching their heads today to solve what seemed an important problem.

First, let it be known that caucus is a meeting of members of one party in either or both houses of the legislature and usually is held behind closed doors. What happens at these meetings is not made public until disclosed in the course of legislative events.

It is a traditional that woman can't keep a secret—and there's the rub. There is a woman in the house of representatives for the first time in the state's history. She is Mrs. Julia D. Nelson, of Muncie.

No one doubts that Mrs. Nelson can keep these secrets of state, but the question is causing mirth among the legislators and they are jocularly discussing the matter.

Lafayette, Ind., Jan. 13—"Where the money goes" will be answered for most housewives and their husbands too by the keeping of a household expense account, says Miss Inez Richardson, extension staff of Purdue University.

"This is a piece of drudgery to many people, but if studied carefully, there is no reason why any woman should not see that it is simply following the business principles to do this."

Last year 798 Indiana women obtained copies of the first household account book put out by the home economics extension division at Purdue and kept figures on "where the

## NEW DIVORCE LAW PLANNED

Would Provide Year Between Filing and Hearing The Case

Indianapolis, Ind., Jan. 13—State Senator John S. Aldredge of Anderson believes he has a remedy for the divorce evil in Indiana. Aldredge has prepared a bill for introduction providing that a year must elapse between the period of filing a suit for divorce and the trial instead of sixty days as at present.

"I believe that fifty percent of divorce cases arise from domestic affairs of which the principals are heartily sorry afterwards", the senator said in discussing his measure. "If they are obliged to wait a whole year after filing the suit, a good many reconciliations could be effected."

# A World Without Petroleum

**ELIMINATE** petroleum from the world and modern industry would come to a dead stop.

Lacking that tiny film of mineral oil, continuously applied, and the machinery of the world would groan to a stand-still.

From air compressors to textile spindles, from sewing machines to power house engines, all the machinery of modern life, the machinery which clothes and feeds, and transports mankind, is dependent upon petroleum.

Animal fats and vegetable oils sufficed for lubrication in the era which preceded the industrial age, but only petroleum could supply lubricants in sufficient quantities to keep pace with the development of modern machinery.

In the development of our modern system of lubricating machinery, the Standard Oil Company (Indiana) has performed an essential service in producing a vast number of highest grade lubricating oils and greases from petroleum.

Another vital service of the Company is the maintenance of a distribution system which delivers its lubricants wherever, and whenever, the need occurs.

The Standard Oil Company (Indiana) manufactures lubricating oils and greases varying in type and consistency to meet the requirements of the innumerable machines which our commercial age requires.

Only a highly specialized and intensively developed organization could give to the people of the Middle West the service rendered by the Standard Oil Company (Indiana).

The customer who buys a pound of grease, a quart of oil, or a gallon of gasoline, is getting the result of the best effort of 23,000 loyal, efficient, highly trained men and women who make up the personnel of this organization.

## SUGGESTS PLAN FOR WORLD DISARMAMENT

Gen. Bliss Says U. S. Could Call all Nations For Meeting at Washington in 60 Days

APPEARS AS A WITNESS

(By United Press)

Washington, Jan. 13.—At the call of the United States a world disarmament conference could be arranged in Washington within sixty days, General Frasier Bliss of the naval department, told the senate naval affairs committee Wednesday.

Bliss who was an American military adviser and formerly army chief of staff, declared that such a conference would bring results. He stated that the United States should take the initiative toward getting the nations together inasmuch as the nation did not belong to the association of nations.

He favored a conference among Great Britain, France, Japan, Italy and the United States, saying it was not necessary to act through the league of nations.

Secretary Daniels who also appeared before the committee, and outlined the naval strength of the great powers, does not favor the conference unless all countries participate.

The only nation who would refuse to disarm at this meeting would be Germany, Bliss stated.

## FAMOUS OPERA STAR TO UNITE IN MARRIAGE

Amelita Galli-Curci to be Married to Homer Samuels, Her Pianist Accompanist

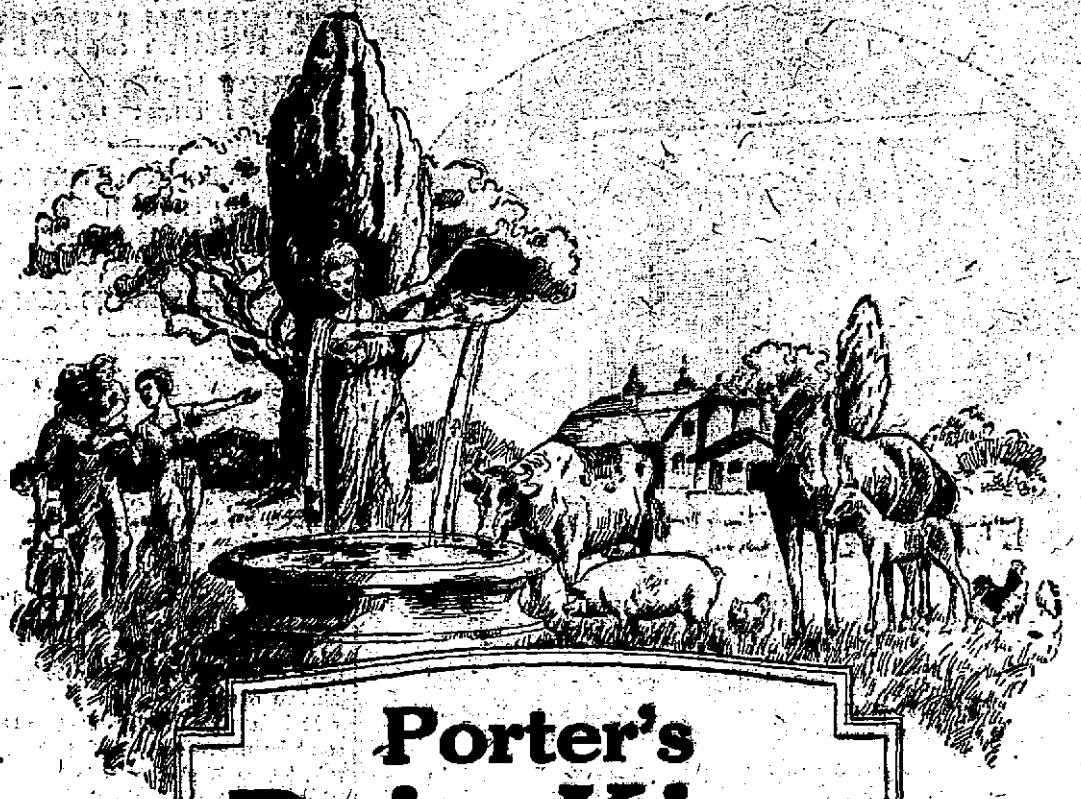

DIVORCED FROM CURCI IN JAN.

Minneapolis, January 13.—Homer Samuels, pianist accompanist of Amelita Galli-Curci on the concert and opera stage, will be her accompanist through life after tonight, when the two artistic temperaments will be united in marriage here.

The marriage of Galli-Curci, who rose to fame over night in Chicago, in 1916, the city threw its opera hat in the air and acclaimed her queen of songsters, after she sang "Caro Nome", recalled to the public mind

We guarantee a small bottle of Lavoitk to help ANY CASE weak, strained or inflamed eyes. Aluminum eye cup FREE. F. E. Wolcott, Druggist. (Adv.)

## Porter's Pain King A Liniment

Here is a natural remedy that gives to every family the comforting sense of being safeguarded against pain and suffering. It brings relief from harassing fears of accident or sudden attack when a doctor is miles away.

One of Nature's most wonderful gifts, it has the power to banish many of the common ailments of man or beast. Used for treating your live stock—by either external or internal application—you will find that many symptoms of so-called incurable diseases quickly vanish from them.

For fifty years PORTER'S PAIN KING has demonstrated its power to heal. It never disappoints. One bottle equips your household with a medicinal remedy for almost every emergency—an insurance on the health and vitality of animal and man.

If your dealer hasn't PORTER'S PAIN KING we will send a bottle prepaid to your address for \$1.04. Money back if not satisfied.

## Amusements

"Humoresque" Here Two Days

Fannie Hurst's most appealing story, "Humoresque", has been transferred to the screen and will be the feature attraction at the Princess Theatre today and Friday. The intensely human atmosphere of the novel is said to have been incorporated into the picture with singular success.

The story centers around Leon Kantor, a boy of the Ghetto who shows an intense love for music. His mother who has always wanted a musician-son, is delighted and on his seventh birthday buys him a violin. Leon's playmate is pretty Gina Ginsberg. Fifteen years later, Leon is a recognized genius. On the night of his triumph at a big concert given for his people of the Ghetto, he enlists, Leon returns from France with a shattered shoulder and it is said that he will never be able to play the violin again. Leon's music is his all. He becomes morose and discouraged. Before the war he had become engaged to Gina. Now he wishes to release her from marrying him—a cripple. But in a very wonderful way he is restored to full strength and, to the joy of his mother and Gina, turns toward new conquests in the realm of music.

Alma Rubens is the featured player in "Humoresque", and Gaston Glass and Vera Gordon are also included in the cast.

## Cosmopolitan Productions "HUMORESQUE" A PHOTOPLAY featuring Alma Rubens

The sordid clatter of the New York Ghetto. A little lad there, hugging an old violin. A mother, her soul aflame, watching, giving, dreaming, as the hard years pass. A radiant girl, waiting.

At last, fame! Wealth! the applause of countless, crowding thousands for "the master of them all." One night, a gala free concert to his own of the great East Side.

"Humoresque!" they cried. And he played it in farewell—played it with breaking heart—then smiling, flung his career and his wondrous art away.

Some called him "Fool!" Not all. You know why when you see the end.

The song of a mother's heart made visible; the dream of a mother's life come true. A melody of love and tears and laughter, played silently on the screen.
